

**Vascular and Endovascular Surgery Research Center**  
Mashhad University of Medical Sciences

**lymph edema Unit**

---

Lymph edema unit is formed because of high incidence of the types of primary and secondary lymph edema and not enough comprehensive information on the subject.

The research unit of Lymph edema:

- Physiopathology genesis of lymph edema disease
- Prevalence of general types of lymph
- Evaluation of multiple methods of treatment of lymph edema
- Long-term complications of lymph edema
